

# Dynamic Learning Dialogue (DLD) Spring 2023

## Are you....

- ...a seasoned faculty member looking to tweak a course you've taught multiple times?
- ...teaching a new Civitae course and want to take the class temperature mid-semester?
- ...wondering about a quirky vibe you're getting from a class ?

**If so, your course is perfect for a Dynamic Learning Dialogue.**

The DLD gives you rich qualitative feedback from your students before the midterm regarding the learning environment in a course. You'll have the raw material for focused reflections on their learning and your teaching; use the information to enhance classroom interactions, student learning, and teaching.

All information and participation is confidential.

CAFE will conduct the in-class portion of the DLDs February 20 - March 3.

There are a limited number of slots available.

**To get started, go to <https://forms.gle/PPNFbKToo1sthgcU8> by Feb. 17th.**
