

Undergraduate Faculty Professional Development Day

Thursday, August 10th, 2023

Join us for Longwood's first annual day of undergraduate faculty professional development--a day filled with several options and opportunities to collaborate with and learn from your faculty colleagues.

- Civitae faculty leaders will facilitate workshops in all areas of Civitae allowing you to meet and share ideas for teaching in Civitae and discuss ways to improve student learning and engagement.
- CAFE will offer sessions on teaching writing in the age of AI, course design and assignment design.
- The Cormier Honors College will host a workshop focusing on how to turn your existing courses into Honors courses.
- The day will end with a Faculty Reception in the CAFE lounge.

Registration is required for all events. **For more information about the schedule of the day, individual sessions, and registration**, please go to <https://blogs.longwood.edu/undergradfacutlypdday/>
