OUTLINE OF THE PROPOSED PROGRAM

Program Catalog Description*

Margaret Frederick Thompson, EdD, *Program Coordinator, Associate Professor of Athletic Training*

The minor has been designed to capture students from various majors across campus who are interested in pursuing a career in healthcare. Whether a student is looking to enter a healthcare profession with a clinical degree or pursue a healthcare management career, this minor provides a broad perspective capturing the importance of quality healthcare and the impact on patient populations.

Students must complete 18 credits of the available courses designated for the minor. Specific courses noted as core requirements comprise 15 credits, which allows the student to pick the additional coursework to satisfy the minor requirements. Courses (6 credits) may be used to satisfy Civitae requirements (at the pillar or perspectives level) and Core or Supporting Coursework requirements for the Healthcare Studies minor.

The minor does not meet eligibility requirements for certifications or licensure for healthcare professions.

Follow these steps to propose the program curriculum:

Step 1 Add all courses to be used in program.

Start in  "View Curriculum Courses." There are two options to add courses for proposed new program: "Add Course" and "Import Course." For courses already in the catalog, click on "Import Course" and find the courses needed. For new classes going through a Curriculog Approval Process click on "Add Course"-- a box will open asking you for the Prefix, Course Number and Course Title.

Step 2 Set up program requirements.

Click on  "View Curriculum Schema." and select the core header of the program where you would like to add/remove courses to expand the section. Click on "Add Courses" to bring up the list of courses available from Step 1. Select the courses you wish to add. For removing courses click on the  and proceed.

Step 3 Review full program structure.

Click on  to view the full program.

Step 4 Track changes made

Go to discussion  in the right panel and select "Show current with markup". Click the core header of the program to expand the section and track changes.

AFFECTED DEPARTMENTS OR PROGRAMS

Run an Impact Report by clicking  in the top left corner and answer below according to the results.

If the proposed program changes could have an impact on other departments or programs, the appropriate affected chairs or program directors should be notified of the proposed changes. Where teaching licensure may be affected, the licensure officer should also be notified.

To notify the appropriate department chairs, request a custom route, navigate to the Proposal Toolbox and select Custom Route under the Decisions icon (). Once you make your decision the system will allow you to set up the requested ad-hoc step for each section: participants, rules, decisions, and deadlines/reminders.

A System Administrator will need to review and approve your request before it takes place.

Does this program lead to teaching licensure, or will it affect an existing program's licensure?*

All curriculum proposals/changes are processed in the date order received. In order to be included in the next academic year's catalog, all paperwork must be submitted no later than:

- February 1 to the College Curriculum Committee
- March 1 to the Educational Policy Committee (EPC)

Changes that affect spring advising for fall classes must have received approval from EPC and Senate before the registrar opens up the fall schedule for registration in March. Such proposals should reach the chair of EPC by the end of the fall semester. Submission within the deadlines does not guarantee processing in time for the next academic year's catalog.
