Total Credits* 2 credits.

Are Total credits changing?* Yes No

If total credits are changing, provide a justification and attach a current syllabus.

Justification for change in Credit Hours

Currently NURS 491 and NURS 492 are concurrently taught in the senior semester. NURS 491 currently is 1 credit and NURS 492 is a 5 credit internship/clinical practicum course. Due to increasing class sizes and difficulty of obtaining clinical sites that will agree to the current 270 hour clinical internship, nursing is needing to reduce the credit hours for NURS 492. Additionally, the course work associated with NURS 491 and the preparation course that is included in NURS 491 for the National Council Licensure Exam preparation exceeds the work load for a 1 credit course. Therefore nursing requests to increase the course credit for NURS 491 to 2 credits and decrease the course credit for NURS 492 to 4 credits. The combined courses will still result in 6 credits. This change will need to be effective in spring 2020.

All curriculum proposals/changes are processed in the date order received. In order to be included in the next academic year's catalog, all paperwork must be submitted no later than:

- February 1 to the College Curriculum Committee
- March 1 to the Educational Policy Committee (EPC)

Changes that affect spring advising for fall classes must have received approval from EPC and Senate before the registrar opens up the fall schedule for registration in March. Such proposals should reach the chair of EPC by the end of the fall semester. Submission within the deadlines does not guarantee processing in time for the next academic year's catalog.
