Intercollegiate Athletics Council Report

April 22, 2025

For the 2024-2025 academic year, the Intercollegiate Athletics Council (IAC) met four (4) times. All four of the meetings were via video conference. The dates for those scheduled meetings were:

October 29, 2024
November 19, 2024
January 28, 2025
April 17, 2025

Objectives for the IAC were outlined in the initial October 29, 2024 meeting for members, both old and new, so that all members could be properly informed about the scope of IAC per the FPPM. Agenda items for the four scheduled meetings varied depending on current events, but all meetings included updates or reports on the following topics:

- NCAA & Big South Conference updates (by Tim Coffey, FAR)
- Longwood Athletics updates (by Tim Hall or designee, Longwood Athletic Director)
- SAAC updates (by Kimmy Farrey, SAAC President, or designee)

Additional topics or reports were covered through the course of the academic year. Some of these topics/reports were placed on a predetermined schedule at the beginning of the year and provided to members and others were added as recent events dictated. Based on the changing landscape of collegiate athletics and issues on campus, there were a number of topics that were added over the course of the year. Below is a list of topics/reports that were provided and discussed during IAC meetings for 2024-25:
