Office of Student Research

TOPIC:
Create an Advisory Committee for the Office of Student Research

BACKGROUND (Provide a brief statement describing the origins of this proposal, the nature of the problem it addresses, and the work completed to devise the proposal):

The purpose of this proposal is to create an Advisory Committee for the Office of Student Research. As the Office of Student Research continues to expand its programs and initiatives, a formalized advisory committee is needed. Currently, many decisions regarding funding of student research and travel grants, faculty mentoring awards, and other OSR programs are made by an ad hoc committee, called the Student Research Advisory Council. Currently, the committee members are invited to serve on the committee each year by the OSR director. Now that the OSR is a well-established office at Longwood, a formalized advisory committee should be formed to advise on decisions regarding student research and travel grants, faculty excellence in mentoring awards, and other OSR initiatives and to serve as a liaisons with colleges and campus partners.

SUMMARY OF NEW POLICY OR PROPOSED CHANGES OR DELETIONS TO AN EXISTING POLICY (Provide a brief list or statement describing the content of the policy or the proposed changes or deletions):

RATIONALE FOR THE POLICY OR PROPOSED CHANGES (Provide a brief statement as to why the new policy, the changes, or the deletion is needed):

Through the creation of the Advisory Committee for the Office of Student Research, the OSR will have a formalized group of faculty who will advise on decisions regarding student funding, faculty awards, and other OSR initiatives. Now that the OSR is a well-established office, an advisory committee is necessary for managing and advising current and future student research programs.
