IV. General academic policy proposals

A. Grade submission deadline for intersession and partial term courses

[See Canvas for the revised version—the hard copy I sent out has a mistake. I’ve taken out the language about partial term courses. The revised policy requires grades to be turned in three business days after the end of the intersession.] **Shawn will continue to work on this and will draft a comprehensive policy for the FPPM.**

B. Policy on academic bankruptcy.

[I think Vonnie just wants some feedback on this as she crafts the policy. I didn’t send out a hard copy, but will bring some for the meeting. There’s

an electronic version on Canvas.] **Vonnie is making some changes and will resubmit.**

*Information items: Proposals available on Canvas only.
