KINS 375, and changes KINS 486 – passed, Kathy Roy provided new edited catalog copy removing variable credits

**4. INTERNAL MATTERS**

Changes to when we need hard copies and when things can be put online.

Hard copies will only be provided for items that will be voted on only. All other materials including the agenda and minutes will be housed in Canvas.

Due Dates for various forms.

This was discussed with a suggestion that the conversation be brought back to the curriculum committees and if there was interest a proposal for change be created.

Original and edited catalog copy.

EPC voted unanimously that the original catalog copy does not need to be included in submissions only the edited version. Bill is going to speak to David Lehr for next steps to make the process official.
