Faculty Resolution Recognizing Longwood Students:

Whereas beginning with the return to face-to-face instruction in August 2021 and continuously since, the students of Longwood University have been actively preventing the spread of COVID-19 through their community health standards and efforts. The pandemic has changed campus life and prevented many in-person interactions throughout the year, but in order to ensure the safety and well-being of our community, students have followed public health guidelines and university standards.

Whereas these efforts have often meant that students had adapt to new modalities for classes, events, and traditions; they have made these changes to protect others. Students have ensured, throughout the pandemic, that the spirit of Longwood is strong.

Therefore, be it resolved that the Faculty of Longwood University hereby lauds the students of Longwood University with our gratitude and praise.

Faculty Resolution Recognizing Longwood Staff:

Whereas beginning in March 2020 the staff of Longwood University has actively worked to prevent the spread of COVID-19 on campus while ensuring the ongoing education of Citizen Leaders. This pandemic has changed campus life and prevented many traditional personal interactions. The staff at Longwood has been at the forefront of adapting to these changes whether it be in assisting faculty in developing classes using new technology, or assisting students with question and concerns, or just offering comfort to the stressed. We would like to express our appreciation.

Therefore, be it resolved that the Faculty of Longwood University hereby offers the staff of Longwood University our gratitude and praise.
