II. New courses which will be proposed as part of this program. Be sure to submit a separate proposal for each new course using appropriate forms. *Attach extra sheets.*

III. Rationale for the program: see the attached sheet

IV. Resource Assessment

A. Estimate additional staff requirements for this program. none. We usually have 2-3 cohorts of C&I Specialists in K-8 Mathematics. We will now only have one cohort in Elementary Mathematics and one cohort in Middle School Mathematics. We have already offered 3 of the math courses as part of a Mathematics and Science Partnership grant. The grant will end in September and the participants will have completed 5 of the 8 mathematics courses. They will be able to continue on in this master's program.

B. Estimate the amount and cost of equipment, library resources, computer hardware and software, and other resources that will be required to carry out this program.
none

V. Anticipated enrollment in program after five (5) years. 12 This will be run as a cohort.

VI. Affected Departments or Programs

If the proposed program could have an impact on other departments or programs, the appropriate affected chairs or program directors should be notified of the proposed changes. Where teaching licensure may be affected, the licensure officer should also be notified.
