

### **Proposal for mid-semester evaluations**

Mid-semester evaluations allow students to provide feedback to faculty on the course and for students to assess their own involvement and engagement with the course material. These evaluations will only be seen by the faculty member who is instructing the course. These evaluations should be sent out as a survey through Canvas (run by the DEC and student affairs) in week six of the academic semester.

#### **Proposed questions:**

One thing I like about this class is:

One thing about this class I would like to have changed is:

One thing I do outside of class that helps me learn is:

One thing I should do (but don't) outside of class to help me learn is:
