Discussion – [FPPM VI GG. Student Showcase Organizing Committee](#) – Dr. Virginia Lewis reviewed the reason for the change. When the Student Showcase Organizing Committee was first formed, a large committee of ten faculty members from a variety of disciplines was needed to help with the planning and establishment of the Fall and Spring Student Showcase for Research and Creative Inquiry. In addition, when the committee was first formed, the Student Showcase event was planned as an independent event and was not part of any program or office. However, in fall 2020, the Student Showcase became part of the Office of Student Research, therefore the staff of the Office of Student Research is now able to help with planning the Student Showcases. In addition, now that the event has been successfully organized for multiple years, many parts of the planning process including room reservations, program creation and printing, and other aspects of planning these events have become more streamlined and easier to manage. Therefore, while a large committee of 10 faculty was needed when the committee was originally formed, a smaller committee of 5 people plus the chair of the committee (6 people total) would now be sufficient to successfully plan this event. There being no discussion, the change will be voted on at the next senate meeting.

Discussion Item – [Charge for Ad hoc Committee on Student Assessment of Instruction](#). Dr. Lewis opened the floor for discussion. There being no discussion, Dr. Lewis stated that the Senate Exec Committee agreed on the importance of the formation of the committee and no vote is necessary to form the committee. An email will be sent following the meeting in regard to interest on serving on the committee.

Dr. Tim Coffey, Faculty Athletic Representative, presented the [Faculty Athletics Representative \(FAR\) Report](#). Following the presentation, Dr. Tim Coffey, and Longwood's Athletic Director, Mr. Tim Hall fielded questions from members.
