

# **A Panoramic View of The NSSE**

# The National Survey of Student Engagement

- NSSE: Survey designed to measure extent to which first-year and senior students engage in effective educational practices empirically linked with desired outcomes
  - Persistence
  - Satisfaction
  - Graduation
  - Etc.
- Allows for comparisons: Southeast Public, Carnegie Class, NSSE Institutions

# Longwood's Participation

- (Since 2002) Administered every three years in early spring semester to all First-years and Seniors
- Administered via email
- NSSE significantly revised in 2013 (LU can be tracked 2014, 2017, 2020, and 2023)
- Longwood identified as a DEEP (Documenting Effective Educational Practices) Institution in 2005
  - Higher than predicted graduation rates and Engagement Indicators

# Longwood's Participation

- (Generally) Robust response rate
  - 2014: 47% — — —> (44%, 51%) = (FY, Senior)
  - 2017: 41% — — —> (41%, 41%)
  - 2020: 45% — — —> (51%, 40%)
  - 2023: 35% — — —> (38%, 31%)
- Incentive offered
- (Reported) Demographics of responders available
- NSSE weights results based on population profile to better represent population
- Usual issues with self-reported data

# Engagement Indicators

- Student Engagement: Representation of (two) critical features of collegiate quality:
  - (Student Focused) The amount of time and effort students put into educationally purposeful activities
  - (Institution Focused) How an institution organizes curriculum and other learning opportunities for students to participate in such activities
- NSSE is based on perspective/feelings/impressions/etc. of students

# Engagement Indicators

- Collects responses to related NSSE questions
- (Broad) Summary of detailed information contained in individual responses
- Empirically linked/associated with outcomes desired from attending college
  - Challenging and creative intellectual work
  - Collaboration between peers to master challenging material and with students from diverse backgrounds
  - First hand learning experiences that model expert thinking, analysis, creativity and establish role models and mentors for/of lifelong learning
  - Supportive settings cultivating positive relationships
- More variance between responses of individuals at an institution than between institutions

# Engagement Indicators

## (Themes)

- Academic Challenge
- Learning w/ Peers
- Experiences w/ Faculty
- Campus Environment

# Engagement Indicators

## (Theme Breakdown)

- *Academic Challenge:*
  - **(EI1) Higher Order Learning** (Ex: Coursework emphasizes: applying facts, theories, or methods; analysis of whole via analysis of parts; synthesis of materials; various forms deep learning)
  - **(EI2) Reflective and Integrative Learning** (Ex: Combining ideas from different courses, learning connected to societal problems or issues; diverse perspectives included in discussions and assignments)
  - **(EI3) Learning Strategies** (Ex.: Identify key information from readings, reviewed notes after class)
  - **(EI4) Quantitative Reasoning** (Ex.: Analyze numerical information to reach conclusions and/or examine problems)

# Engagement Indicators

## (Theme Breakdown)

- *Learning w/ Peers*
  - **(EI5) Collaborative Learning** (Ex. Asked peer for help in understanding, explained course material to peers, prepared with peers for exams)
  - **(EI6) Discussions w/ Diverse Others** (Ex. Discussions with people of various race, ethnicities, political views, or economic backgrounds)

# Engagement Indicators

## (Theme Breakdown)

- *Experiences w/ Faculty*
  - **(EI7) Student-Faculty Interaction** (Ex. Discussions with faculty members related to career plans, academics, or work in other areas)
  - **(EI8) Effective Teaching Practices** (Ex. Student evaluation of faculty teaching)

# Engagement Indicators

## (Theme Breakdown)

- *Campus Environment*
  - **(EI9) Quality of Interactions** (Ex. Rating of interactions with peers, advisors, faculty, staff, etc.)
  - **(EI10) Supportive Environment** (Ex. Rating of institution's emphasis on academic support, learning support services, support of overall well-being, opportunities for social involvement, etc.)
