BUDGET (ADOPTED MAY 21, 1999 & REVISED MAY 2003):
The Board of the Longwood University Foundation recognizes that all funds it holds as quasi-endowments are subject to re-appropriation pursuant to the legal requirement of the preservation of the historic dollar value of all funds that it holds as true endowments. Furthermore, the Longwood University Foundation recognizes the need to maintain sufficient unrestricted funds to support its annual budget and provide for the long term viability of the Foundation, as such, the Longwood University Foundation resolves the following:

Reaffirm its policy to maintain sufficient unrestricted funds to support the long term viability of the Foundation by continuing to grow Acct#090-020-7000, the Longwood Fund Endowment, by adding to the fund as funds become available (including but not limited to unexpended Foundation administrative budget funds), establishing 5% as a minimum target for this reserve.

1. Balance spending to revenue stream for funding the annual budget:
   a. Foundation Administration Budget: Foundation portion of the Budget not to exceed the average of the three previous years 1% administrative fee.
   b. Excluding the Foundation Administrative Budget: Annual funding available for the lump sum allocation to the University will equal unrestricted contributions raised in the previous year minus the amount necessary to fund the President’s Office Budget.
   c. Excluding the Foundation Administrative Budget, and the annual request from the Board of Visitors for the President’s Office, all additional budget funding will be allocated as a lump sum for institutional support to the University.

2. Rebuild unrestricted reserves --unrestricted Earnings will go toward replenishing the reserves and quasi-endowed accounts, establishing 20% as a target to be maintained for the designated quasi-endowment reserve. (Acct#090-000-7001)

3. To reaffirm its policy that it shall direct all unrestricted bequests received to the Endowment Reserve Quasi-endowment. (Acct#090-000-7001)

4. In the event that additional unrestricted undesignated assets are needed to offset deficits in the historic dollar value of true endowment funds relative to their market value at the close of an accounting period and/or to maintain the minimum balance in unrestricted undesignated assets stipulated above, the quasi-endowment accounts indicated below shall be used without further direction from this Board, providing that such funds are returned to their respective quasi-endowments when and if changes in market or other unrestricted funding conditions rectify said deficits. The Quasi-endowment reserve account shall be used first, at which time this account is depleted, rank order of the quasi-endowed accounts listed below, shall be made by the President of Longwood University, determination based on current institutional priorities:
   - Faculty Enrichment
   - Calvin Hatcher Scholarship
   - Pearl H. Jones Scholarship
   - LCVA Quasi-Endowed Operating
   - Rosemary Sprague Cultural Enrichment
   - Rosemary Sprague Scholarship
   - Staples Lecture Series
