Academic Technology Advisory Committee
November 10, 2021

Present	**Not Present**
Jonathan White	Kim Redford
Samantha Ellington	Scott Chapman
Jeff Ledford	Pam Randall
Brooke Mathna	
Ellis Parker	
Laura Poe	
Sarah Reynolds	
Lindsey Stokes	

The meeting was called to order at 4:02pm. The meeting was held virtually via Zoom.

No ITS Update

DEC Update:
Folios: Folio, which is the free version of Portfoilum, has been enabled in our instance of Canvas. It is slightly more robust than the Canvas provided ePortfolios. The DEC is ready to support faculty and students in their use of Folios.
- Folio/Portfolium Feature Comparison: https://community.canvaslms.com/t5/Portfolium-Users/Portfolium-Canvas-Portfolio-Comparison-Chart/ba-p/255112
- User Guide: https://help.portfolium.com/edu-platform/canvas-lti-integration/canvas-integration-seen-as-a-student

New Quizzes Rollout: A small group of faculty have piloted New Quizzes/Respondus this fall. The DEC is offering Sneak Peek sessions throughout November. The DEC is waiting to make New Quizzes available until late December/ early January due to Canvas' timeline not being set for the Classic to New Quizzes migration tools to be available. In January New Quizzes will be available to all faculty who will have 2 options for their Spring classes:
1. Continue using classic quizzes/Honorlock but prepare future classes for New Quizzes/Respondus
2. Transition to New Quizzes/Respondus for one or all spring classes while still prepare future classes for New Quizzes/Respondus

Then, May 10, 2022 New Quizzes will be ON in Canvas without the option to opt out.
