

AAC Annual Report  
2011-2012

- Advised the VPAA on a variety of issues that he brought before us.
- Reviewed the expanded membership and concluded that, not only did that not work well, but that the current configuration of AAC was lacking.
- Developed a proposal for Senate on replacing the Academic Affairs Committee with an Academic Chairs Council
- Passed a resolution on faculty/staff salary that asked the President to put a halt to end-of-year "money dumping" and re-direct those funds to one-time salary bonuses for all full time employees.

From Brian Bates who is away at a conference.
