

- I. Action Items:
 - A. Changes to BIOL 492 (Internship in Biology), 494 (Advanced Internship in Biology), 496 (Research Projects in Biology), and 497 (Advanced Research Projects in Biology) so that these courses can be taken for 1 – 5 credit hours instead of 1 – 4.
 - B. Change in the Biology major to allow students to “take a maximum of 5 credits total in internship (BIOL 292, 392, 492, 494) and research (BIOL 496, 497)...for quality points... Beyond 5 credits, such courses must be taken on a pass/fail basis and will not count toward requirements for the major or minor.” This is a change from the 4 credits previously allowed.
 - C. Change in policy regarding who can march at graduation. See Proposal/Policy cover sheet.
 - D. Changes to Curriculum forms. First, change ‘Semester of Implementation’ to ‘Catalog Year of Implementation’ on all forms. Second insert a statement at the end of the last page before the signatures on all curriculum change forms that says ‘A change to the title or course number on this form implies that title or course number will change anywhere it occurs in the catalog’.
 - E.
- II. Information Items
 - A. HIST/POSC 342 –Delete the history class from the catalog and remove the cross-listing from the POSC class.
 - B. Hist/POSC 350 – Delete the history class from the catalog and remove the cross-listing from the POSC class.
 - C. HIST/POSC 353 – Delete the history class from the catalog and remove the cross- listing from the POSC class.
 - D. Hist/POSC 357 – Delete the history class from the catalog and remove the cross-listing from the POSC class.
 - E. Remove Crim 350 as an elective from the Homeland Security minor.
 - F. Remove Writing intensive designation from POSC 314 and HIST 314,318, 320, 327,329, 336, 351, 352, 354, 355, 356, 358
 - G. MUSC 185 – Performance Observation – New Course, 0 credits.
 - H. Program Changes to B.A. in Music, B.M. Music Education, B.M. Performance, B.M. Piano Pedagogy to require six semesters of MUSC 185 for each major.
 - I. Math 405 – Numerical Analysis – Change in title (to Numerical Methods), prerequisites (to accommodate a previous change in course number) and descriptions.
 - J. CMSC 389 – Artificial Intelligence – Change in course description.
