

**EDUCATION POLICY COMMITTEE**  
**Report to the Faculty Senate**  
**Actions of the January 31, 2012 meeting**

**I. Action item**

A. A proposal for a change of the Policy on submission of Grade Estimates.

Proposed policy:

***Grade Estimates***

***During the regular session, grade estimates are available to all first-year students, upperclass students making a “D” or “F” and students who are not making satisfactory academic progress (all students with a cumulative GPA less than 2.0). Estimate grades are due to the Office of Registration by noon on Monday of the ~~sixth~~ seventh week of regularly scheduled classes and are available to students and advisors in myLongwood as soon as they are posted.***

***Estimates are not recorded as part of the student’s permanent academic record. They are, however, an important indicator of academic risk to students. This early warning should give the student time to improve academic performance where needed.***
